CASTERS

To Order, Choose Finish Selections & Options

Worksurface & Transaction Top: Choose from our selection of high pressure laminates.

Edges: Choose from our selection of PVC edges.

Accent Panels: Choose a high pressure laminate or wood veneer finish, as applicable.

Main Front, End Panel(s): Choose high pressure laminate or wood veneer finish, as applicable.

Steel Frame: Choose from our selection of powder coats.

See **mediatechnologies'** finish and color choices at <https://www.mediatechnologies.com/resources/finishes>

EDGE TYPES

CORNERS

General Specifications

Work surface: Tops are 1 1/4" thick, three ply 45# particle board construction with .050" high pressure laminate top surface and a .030" phenolic backer. Edge is 3mm PVC with a 1/8" radius top and bottom. Tops are attached to the frames and mounted via 1/4"-20 inserts and bolts. Models with 35"H transaction top surface have a 29"H main worksurface. Models with 45"H transaction top surface have a 39"H main worksurface. Units are available with or without transaction top on either the right or left side. Right side and Left side is determined from the perspective of the desk user.

Case: Floating curved front panels are self-edged high pressure laminate. Face panels have embedded threaded metal inserts to accept machine threaded connecting hardware for metal-to-metal fastener contact to steel chassis frames. End panel inserts are self-edged high pressure laminate panels.

Steel Chassis Frame: Frame shall be a welded assembly of 1-1/4" square 14 gauge steel tube, drilled and tapped to receive casters and bored for connecting hardware. Finish shall be powder coat, manufacturer's standard colors.

Casters: Casters shall be 100mm heavy duty swivel casters with brake, rated at 100# percaster. Assembled unit shall use a total of (5) casters.
