| Available in  **CET**  **SPEC**
& Commercial Interiors Library

QUICK HITS is a collection of our top selling products within a selection of finishes that was created to provide a quick design, quote and order lead time. The program offers a wide array of solution driven products in finishes that are readily available. In addition to this resource we also have these products in their own CET catalog and will soon be offering these items in Spec. Of course, our other standard finishes can be used with our normal lead times. Not finding something you are looking for? We are working to expand this program and would love to hear your feedback.

mediatechnologies is not the largest furniture manufacturer in Michigan but we are the self-proclaimed coolest. We have been making amazing wood products along the beautiful lakeshore of Lake Michigan since 1984. Ok, we started with electric guitars, but we've been Rockin' Furniture since 1989.

Our mediatechnologies brand of K-12 and public library furniture has earned the reputation of being "30-year furniture" (which means it lasts for a long time). Our strength lies in finding unique solutions to our customers' furniture needs because we have a rare and special talent... we actually listen to our customers.

We are excited to be able to share this talent with you as a partner.

We welcome you to join us on our journey of awesomeness!

HPL VS. TFL

High Pressure Laminate (HPL) - decorative printed face comes applied to a phenolic substrate, and is then applied to another substrate layer at factory. Intended use includes cabinet doors/drawers, fixtures, and shelves.

Thermally Fused Laminate (TFL)- decorative printed face is applied directly to substrate at factory. Intended use includes cabinet doors/drawers, fixtures, shelves, and cabinet boxes.

PERFORMANCE	HPL	TFL
IMPACT RESISTANCE	√	–
WEAR RESISTANCE	√	√
STAIN RESISTANCE	√	√

Our Promise

mediatechnologies believes in value that is built to last, right here in the USA. Our products are manufactured on-site and provide skilled trades careers to our small community. You can count on a quality experience with mediatechnologies from concept through delivery and for years after.
