

### General Specifications

**Table Top:** Table tops are 1" thick, three-ply particleboard with .050" high-pressure laminate top surface and .030" phenolic backer. Edge types include 3mm hardwood (E) and PVC (C). Corners on rectilinear tops are square with a 1/8" radius. Tops 60" and over are supported on the underside with a 14 gauge steel keel.

**Leg Base Assembly:** Legs are 7/8" x 1-1/4", 16-gauge oval tubing. The two legs are spaced and angled outward, with a 3/8" steel rod tying the two legs together. The legs are welded to a 3/16" thick steel top plate. The bottom of each leg is capped with a 1/4" plate and bored and tapped to allow the attachment of adjustable levelling glides. Twin-wheel locking casters are available as an option.

**Optional Modesty Panels:** Tables may be fitted with an optional modesty panel, supplied in either perforated metal or laminate.

**Finish:** Visit our website for Finish and Color Guide for choices.
