Standard Shelves

Picture Book Shelves

## FEATURES

- End and intermediate panels are 1" engineered wood with high-pressure laminate or melamine faces with PVC banding.
- Backs are 1/4" MDF Board core and Melamine faces.
- Tops are 1" thick veneer core with HPL top, 1" thick engineered wood with melamine face with PVC banding.
- Backs are included as part of each unit.
- Any unit in a run of shelving can be removed without disassembling the entire run.

## OPTIONS

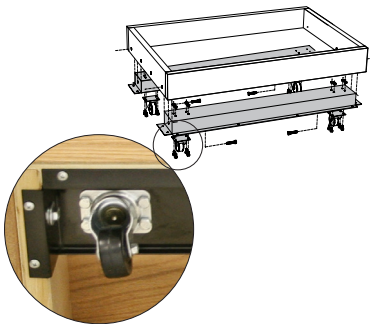

- Shelves are available in 1" thick veneer core with HPL face, 1" thick engineered wood core with melamine face, or powder coated steel
- Top valance available
- **Mobile Option:** casters are mounted to a sturdy steel frame which in turn is mounted to the toe assembly and bolted through to the case side.
- **Common tops:** span a number of shelving with a continuous top.
- **Magazine Shelves:** pivot up for storage access and rest on the standard shelf below. Available in HPL or steel. Magazine shelves must be ordered separately.

## Going Mobile?

### MOBILE SHELVING

- Steel mounting chassis fits inside the wood toe frame with formed flanges under the toe and end panels for extra support.
- Fully concealed 125# rated ball bearing casters, bolted to the chassis with 1/4"-20 bolts and nylon insert lock nuts.
- Entire assembly attaches to end panels with 5/16"-18 machine bolts which pass through both the steel chassis and wood toe frame assembly
- Ships assembled
