General Specifications

Upholstered Seat and Back: Seat cushions are 3" high-density upholstery grade foam. Back cushions are high-density upholstery grade foam and are tapered from 4" at the base to 3" at the top. Vinyl and fabric available. Can use a combination of both. Upholstered seat and back cushions are fastened to bench base and bench back with hook and loop fasteners.

Bench Base and Bench Back Assembly: The assemblies are fabricated from 3/4" engineered wood with premium grade oak or maple veneer faces or HPL faces. Finished edges of veneer assemblies receive a 3mm solid wood edge. Finished edges of HPL assemblies receive a 3mm PVC edges. Bench base assembly is bolted to bench back assembly with metal-to-metal connection.

To Order, Choose Finish Selections & Options

Upholstery: Choose fabric for seat and back cushion.

Legs: Choose powder coat option for steel legs.

Work Surface: Choose a high-pressure laminate for work surface.

Edges: Choose PVC for edges.

Bench Base and Back Panels: Select from our veneer or high-pressure laminate options.

See **mediatechnologies'** Finish and Color Guide for options at www.mediatechnologies.com.

POWER CONNECTIVITY

- 2 power/ 2 active USB
- 72" long cord
- Black or white finish

Back Panel and Counter Top: Back panel and counter top are fabricated of 1" thick Baltic birch. Edges are exposed Baltic birch profiled square with a radius along the corners. Back panel will match the HPL or veneer faces of the bench and bench back assemblies and is bolted to bench back assembly with metal-to-metal connection. 12" deep counter top with HPL surface is connected to back panel using both tongue and groove construction and (2) two bent 1" oak or maple plywood "L" brackets. L-brackets are bolted to back panel and counter top with metal-to-metal connection.

Leg Assemblies: Legs are fabricated from 5/16 plate steel and include a curved profile with a square mounting plate. The bottom of each leg is fitted with a threaded weld nut and a 1-7/8" black leveling glide.
