General Specifications

Table Top: Table tops are 1-1/4" thick, three-ply 45# particleboard construction with .050" high-pressure laminate top surface and a .030" phenolic backer. Corners for rectilinear tops: Square corners on banded tops have a 1/8" radius. Tops available in racetrack, boat and rectangle shapes.

Curved Panel Bases: Two rigid-bolted V-shaped extruded aluminum columns. Curved wood or laminate panels fit easily between the columns. Fabricated steel mounting plates require (8) #12-14 screws, 3/8-16" x 3/4" long shank adjustable levelers.

Flat End Panel Bases: Two rigid-bolted flat end extruded aluminum columns. Flat panels with a decorative perforated pattern fit easily between the columns. Fabricated steel mounting plates require (8) #12-14 screws, 3/8-16" x 3/4" long shank adjustable levelers.

*Bases work as wire management for optional connectivity/power.
