

Modular Circulations Desks

General Specifications - Circulation Desks

Modular Case System: Each case module is fully assembled, allowing for simple field assembly of the complete circulation desk as well as for easy reconfiguration, if necessary. Cases connect with male/female threaded metal connectors.

Top: Tops are 1-1/4" thick, three ply engineered wood construction with .050"High pressure laminate, HPL, and a phenolic backer sheet. The patron side is edged with 5/16" x 1-1/4" solid red oak (with the exception on the Malibu and Keystone design have 1-5/8") with a 1/4" radius top and bottom. The edges and back side of the top are edged with 1/8" solid red oak.

Case Construction: Circulation desk modules are constructed of 3/4" thick, three ply particleboard with plain sliced "A" grade oak veneer. All modules, except Malibu style, utilize a continuous front design (sides do not penetrate), with a 4"High recessed toe. Cabinets are assembled using glue and dowel joinery. Note: One Terminating End Panel is required for each exposed end of a complete desk assembly. Terminating end panels are available to create right or left facing units. Right side and left side is determined from the perspective of the desk user.

Adjustable Shelves: Adjustable shelves are 3/4" thick three ply particleboard plywood with "A" grade oak veneer faces. The exposed edges are edged with 1/8" solid red oak. Shelves are adjustable on 32mm increments.

Drawers: Drawers are constructed of 1/2" nine ply baltic birch plywood. Drawers have 3/4" thick fronts with "A" grade oak veneer. Box drawers have 100 lb. full extension slides, file drawers have 100 lb. full extension slides.

Doors: Doors are constructed of 3/4" thick, three ply particleboard with plain sliced "A" grade oak veneer faces and edged on all sides with 1/8" solid red oak. Door hardware includes concealed hinges, fully adjustable in all 3 axes, and wire pulls.

Continuous Top Construction: Tops may be specified as continuous.

Locks: Units may be specified with doors and or drawers locking, keyed random or alike.

Design Lines: mediatechnologies® offers seven design lines of circulation desk modules, all using the general construction specifications above.

To specify a design line you must include a letter indicator: No letter indicator will specify our standard Bookmark design.

Mid and Terminating End Panels

Note: One Terminating End Panel is required for each exposed end of a complete desk assembly. End Panels are available in all standard design lines. Terminating end panels are available to create right or left facing units. Right side and left side is determined from the perspective of the desk user.
