

General Specifications

General Specifications – High Pressure Laminate (HPL)

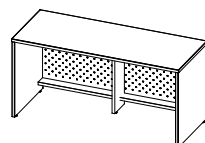

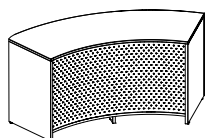

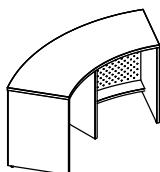

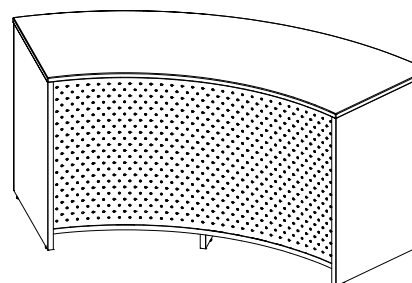

End/Intermediate Panels: All end and intermediate panels are un-detailed 1" engineered wood with high pressure laminate on both faces; exposed edges are banded with 3mm PVC with edges and corners radiused 1/8".

Top: The top panel is 1" thick engineered with high pressure laminate faces. The edges are banded with 3mm PVC. The top is attached to the vertical panels using dowel and cam connections. The back edge of the panel is dadoed to contain the curved back panel (if 1/4" engineered wood back option is chosen).

Base: The base is a structural 1" thick engineered wood with a high pressure laminate face and a .030 phenolic backer; exposed edges are banded with 3mm PVC with edges and corners radiused 1/8". The base is attached to the vertical panels using dowel and cam connections.

Back Panel: 18-gauge perforated powder coated steel panel (DFTTS).

Finish: See **mediatechnologies** Finish and Color Guide for choices.

DRIFT CONCAVE TABLES, HIGH PRESSURE LAMINATE CONSTRUCTION

Required to order: Model # including options if applicable

- HPL selection
- PVC selection
- Powder coat selection

General Specifications

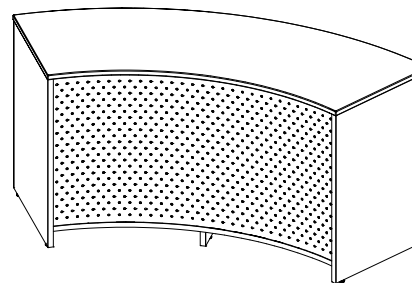

General Specifications – Thermally Fused Laminate (TFL)

End/Intermediate Panels: All end and intermediate panels are un-detailed 1" engineered wood with thermally fused laminate on both faces; exposed edges are banded with 3mm PVC with edges and corners radiused 1/8".

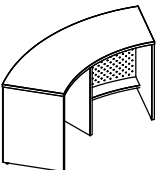

Top: The top panel is 1" thick engineered with thermally fused laminate faces. The edges are banded with 3mm PVC. The top is attached to the vertical panels using dowel and cam connections. The back edge of the panel is dadoed to contain the curved back panel (if 1/4" engineered wood back option is chosen).

Base: The base is a structural 1" thick engineered wood with thermally fused laminate faces; exposed edges are banded with 3mm PVC with edges and corners radiused 1/8". The base is attached to the vertical panels using dowel and cam connections.
Back Panel: 18-gauge perforated powder coated steel panel (DFTTS).

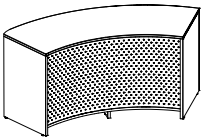

Finish: See mediatechnologies Finish and Color Guide for choices.
