Corner Modules

MATRIX

- Make the most of your space with single- or double-face Matrix workstations.
- Modular starter/adder construction.
- Worksurfaces and panels are edged with rigid 3mm PVC or wood.

Specify choice of veneer or laminate and PVC. Veneer choices include oak and maple. Oak and maple veneer will automatically receive oak or maple edges. Laminate choices include Thermally Fused Laminate and High Pressure Laminate.

See **mediatechnologies'** Finish and Color Guide for choices.
